

Moving Us Out

Can you feel it now
Can you hear the sound
Spirit coming down and moving through us
When you let it go
It'll move your soul
Spirit take control and move on through us

It's mercy, the rhythm of Your mercy
Is moving us now
Moving us now

*We will bring the kingdom of Your grace
We will take it to the world
We will see redemption fall like rain
We will take You to the world*

We can hear it now
People crying out
Jesus, send us out to bring Your kingdom
Let your justice rise
In our sacrifice
We will give our lives to bring Your freedom

It's mercy, the rhythm of Your mercy
Is moving us now
Moving us now

*We will bring the kingdom of Your grace
We will take it to the world
We will see redemption fall like rain
We will take You to the world*

Feel the rhythm of Your grace
It's moving us now, moving us now
To the world in Your great Name
You're moving us out
